

PLEASE DO NOT LIMIT MY ACCESS TO TRAFFIC AND WEATHER REPORTS THAT I HAVE NOW ON XM RADIO.

This is an IMPORTANT service that I used daily!! It is very significant and I can get the report I need immediately when I turn on my XM radio. I do not have to listen to all the garbage on regular broadcasting channels or listen to all that advertising to get the traffic information that I need.,

PLEASE DO NOT LIMIT MY ACCESS TO THIS INFORMATION !! I specifically choose NOT to listen to broadcast, and i don't want my access to information limited by the broadcast radios who are complacent and not listening to their subscriber base. I left broadcast to go to XM so i could have freedom to choose!!! DO NOT LIMIT MY ACCESS!!
